NARRATIVE

On 12/9/14, I, Detective K. Brewster #12144 received a written notice that the University of North Texas (UNT) Health Science Center had completed their analysis of the DNA profiles I submitted to them earlier this year in regards to missing person, Mabel Louise Andrews. The samples were entered into CODIS and uploaded into the Texas Department of Public Safety's State DNA Index System(SDIS). The administrator of SDIS will then upload the profiles into the FBI's National DNA Index System (NDIS).

Per this completion, the miscellaneous field will be updated for the NCIC/FCIC entry per this detective. The miscellaneous field needs to indicate that a DNA profile is on file with CODIS and with NDIS. This detective will also update the NamUs record to reflect the update.

This case is still an OPEN and ACTIVE INVESTIGATION.
